Automation and Control Products

DRIVES AND LOW VOLTAGE CONTROL

World leader in AC and DC Variable Frequency Drives, Motor Starters, Overloads, Contactors, Circuit Breakers, Pilot Devices, Disconnect Switches, Terminals, and Jokab Safety products.

AC AND DC ELECTRIC MOTORS

A recognized leader in Electric Motors. Manufacturer of AC, DC, and Servo Motors, as well as Electric Motor Accessories. As a member of the ABB Group, Baldor Motors work in synergy with ABB Drives and Controls.

CONNECTIONS AND AUTOMATION

Specializing in electrical connections and electronic components, WAGO leads with Terminal Blocks and Connectors featuring Cage Clamp technology. WAGO also specializes in I/O components, PLCs, Touch Screen Displays.

POWER SUPPLIES

PULS manufactures a full line of switching Power Supplies; from 1 amp to 40 amp, UPS monitoring, DC to DC.

RELAYS, SWITCHES AND AUTOMATION

IDEC is renowned for their electromechanical control products such as Relays, Timers, and Switches. They also produce a strong line of automation products including PLCs, Power Supplies and Touch Screen Displays.

MOTOR PROTECTION

SymCom is widely recognized for its popular MotorSaver and PumpSaver products. In addition, they manufacture an array of Current Transformers, Timers, Relays, Controllers, and Monitoring Devices.

POWER QUALITY FILTERS AND REACTORS

MTE offers power quality and filter products for both input (line-side) and output (load-side) of variable frequency drives (VFDs) and power conversion equipment; including Passive Filters, Harmonic Filters and Line/Load Reactors.

THERMAL MANAGEMENT

Pfannenberg is a world leader in Thermal Management Solutions. From simple Fan Cooling and Packaged Air Conditioners to more complex water cooled products.

WIRE TERMINALS, CONNECTIONS AND TOOLS

IDEAL is a well recognized name in the industry. They manufacture a wide variety of electrical basics; including Wire Terminals, Crimps, Connectors, Strippers, Cable Ties, Hand Tools and Related Supplies.

METERING AND TESTING TOOLS

Fluke is the recognized global leader in electronic metering and testing equipment. Products include Multimeters, Power Quality, Thermography, IR Cameras, Oscilloscopes, Calibrators and Vibration Meters.

INDUSTRIAL PLUGS AND RECEPTACLES

Meltric manufactures Decontactor Series Switch Rated Plugs and Receptacles, offering protection from electrical hazards. Other product lines include High Amp, Hazardous Location and Multipin Plugs and Receptacles.

CONTROL INTERFACES

Control Interfaces for Electric Control Panels. Over 6000 Combinations, ARC Flash Safety Products, Indicators and Access Points. Access panels allow blown fuse indication.

MULTIPURPOSE RECTANGULAR CONNECTORS

Rectangular Connectors for Industrial Electric Machinery. Products include Cord, Plug and Receptacles in MINI, MICRO (M12), and NAN (MB). Buss Cabling for Ethernet, DeviceNet, FFB and Profibus.

FUSE HOLDERS AND PDB

Marathon is a recognized and proven name in manufacturing Fuse Holders, Power Distribution Blocks (PDBs), and Terminal Blocks.

NON-METALLIC ENCLOSURES

Stahlin produces the most specified Non-Metallic Enclosures in the world. Sixty years of engineering have gone into their Enclosure classes; Large Freestanding, Wall Mount, Instrument Sized and Small Junction Enclosures.

INDUSTRIAL ENCLOSURES

Saginaw is the leading manufacturer of Industrial Enclosures, NEMA 1, 12, 3R, 4 and 4X. Saginaw offers standard stock enclosures and custom designs.

Extensive Inventory of Fuses and Related Products

FUSES, FUSEHOLDERS, SPD, PDB

Formerly known as Ferraz Shawmut, Mersen is one of the top three manufacturers of Fuse Products. In addition to the vast array of fuse classes and sizes, Mersen also manufactures innovative Surge Protection Devices (SPDs), Power Distribution Blocks (PDBs) and Disconnects.

FUSES, FUSEHOLDERS, ELECTRONICS

An innovative and growing member of the top three Fuse manufacturers, Littelfuse has pioneered many Fuse features. Along with Fuses, the company offers Relays, Controls, Switches, and Electronic Components.

FUSES, FUSEHOLDERS, PDB

As a division of Cooper Industries, the Edison Brand continues to bring its renowned name and longtime fuse development to the market. Edison produces quality Fuses, Fuseholders, and Power Distribution Blocks (PDBs).

POWER FUSES

Cooper Power Systems brings its line of Fuse protection products to the Power Industry; including Current-Limiting Fuses, Fuse Links, Transformer Protection and Power Fuses.

FUSES, FUSEHOLDERS, SPD, PDB

With over 100 years of fuse history, Bussmann remains a solid member of the big three Fuse manufacturers.. As part of Cooper Industries, it produces a wide array of Fuses, Fuse holders, Power Distribution Blocks (PDBs) and Surge Protection Devices (SPDs).

POWER FUSES

S&C Electric is a global specialist in power switching and protection products. Focused on the electric power transmission and distribution market, it makes Power Fuses for substations, transformers, capacitor banks and cables.

We carry fuses for every application— from modern fuse technologies to rare vintage configurations. Fuse categories include Electrical, Semiconductor, Medium/High Voltage, European Dimension, Asian, Electronic, Automotive, Forklift, and Heavy Equipment. Above are more of the other recognized brands we stock.

Other Electrical Components, Supplies & Services

- ACT Brand Cable Ties
- Baumer Electric Sensors
- Dongan Electric Transformers
- IBOCO DIN Rail, Wire Duct and Wire Management
- Beijer HMIs and Displays
- Sealcon Connectors
- ICO RALLY Heat Shrink Tubing, Terminals, Wire Wrap
- Micron Transformers
- Tri-Tronics Photoelectric Sensors
- Littelfuse (Startco) Ground Fault Protection
- Ditek Surge Protectors
- Fuse Inventory Audits
- Selecta Switches
- Accuenergy Power Meters
- Power Quality and Power Factor Analysis and Review
- Hoyt Replacement Contacts
- Amprobe Test Equipment
- Drive Startup and Repair Services
- Danfoss Drives
- PLC and Motor Repair Services
